## Capitol City Cowboys

April 2013

### E-Letter

There's snow on the ground right now. But they say Spring is here. So maybe, just maybe, we can have our first match of the year on April 28<sup>th</sup> at 0930 for the safety meeting. With the warn weather projected it's time to get some shooting in.

Feedback on our matches is always welcome. This has helped make changes for all to enjoy our matches. Based upon such reviews there is a minor change to the setup for our monthly matches. **The first eight who show up, sign in, and help set up the range will shoot free.** Set up sign in starts at 0815.

Other feedback has also changed the shooting outline for T-Town 2013. Once the plans are finalized, the outline will be posted on our web page. The shooters match book for T-Town is in the works and almost done. We will be sending out free T-Town 2013 entries for door prizes at our sister clubs for their three day matches. Any other feedback to make T-Town a better match will be welcomed.

We spent last year's profits on bigger targets. They are the boss targets and are much larger than most of our other targets. They are ready to be used. Just remember, no matter how much bigger or how close the target is, you can still miss. Those who made the comments on target size should like these new ones.

It's time to stock up on supplies. If you know of something that is needed or wanted for the club, then get the request in. There will be a request sheet on the sign in counter.

Get ready for May's match. That is the month we will have our swap meet. Time to pull out that old junk, I mean treasures' to sell, trade, or whatever. Maybe you can find the treasure you have been looking for at the just right price.

Kansas shooters made a good showing at Land Run this year. As always, it was a great match to attend. There were 388 shooters this year. Next year's Land Run will be April 26-28.

Our last match had three clean match shooters. They are Doc Hollis and Newton.

In parting, don't forget other upcoming matches. Butterfield Gulch will host the Kansas Black Powder Championship May 3<sup>rd</sup>-5<sup>th</sup>. The Free State Rangers will have Spring Roundup May 17<sup>th</sup> to 19<sup>th</sup>. Sand Hills Regulators will have theirs May 27<sup>th</sup> and 28<sup>th</sup>. Powder Valley Cowboys will host the SASS Kansas State Championship June 7<sup>th</sup>-9<sup>th</sup>.

Enough already!

See you all at the match.
